Registered	2009(09)
Fuel Type	Petrol
Tax Band	N/A
Colour	Red
Engine Size	4,691 cc
Interior Trim	Nero
Fuel Consumption	N/A

## Description

2009 '09' reg with 4,989 miles. Competizione Red Metallic with Nero Leather, Contrast Rosso Stitching, Rosso Stitched Emblem to Seats, Rosso Brake Calipers, 20" Competizione Rims, Aluminium Dash Trim, Carbon Fibre Gear Switch Panel, Matt Carbon Fibre Centre Console, Carbon Fibre Wing Seats, Aluminium Sports Pedals, Aluminium Tread Plates, Bose Surround Sound System, Becker Head Unit, Climate Control. The Alfa Romeo 8C Competizione was first presented as a concept car at the 2003 Frankfurt Motor Show and later released for sale for the 2007 model year. The name refers to the eight-cylinder (cilindro in Italian) engine (8C) and Alfa Romeo's racing pedigree (Competizione, Italian for 'competition'). Alfa received over 1400 orders for the 8C after the official announcement that the car would enter production, however only 500 customers were lucky enough to own the 8C Competizione and another 500 with the 8C Spider. The lines of the twin seater echo's the styling of Alfas of the 1950s and 1960s, and the "Competizione" name is a reference to the 1948 6C 2500 Competizione which competed in the 1949 and 1950 Mille Miglia race driven by Juan-Manuel Fangio and Augusto Zanardi. This is truly a very special car made in very small numbers. To look at, it is achingly Beautiful from every angle, the sound is nothing short of Incredible and to Drive it is to Love it.
